# About Mission & Vision

---

---

**M**iTs Estates is a 100% owned subsidiary of McIntyre Holdings (Pty) Ltd. The business was established in 11 January 2021 to commercially exploit McIntyre Holdings (Pty) Ltd land resource and provide specialised management and development services for McIntyre Holdings (Pty) Ltd 's property assets.

MiT's Estates currently manages a diverse portfolio of McIntyre Holdings (Pty) Ltd 's assets (residential, commercial, guesthouses, land, boreholes, etc.) and is positioning itself to acquire other property asset portfolios and diversify its clientele.

## Vision

To be the leading corporate property solution provider not only within Botswana but internationally.

## Mission

To commercially exploit, develop and manage client's property portfolio through smart partnerships, employing best practice for the benefit of key stakeholders.

## Our Values

We are:

- Customer Focused
- Performance Driven
- Enterprising
- Resilient
- Innovative
- Integrity driven

# Our Services

MiTs Estates strategic focus is on asset optimisation through a service offering customised to the client's specific requirements and profitable to the business in the following business areas:

- Asset & Facilities Management Services
- Property Development services
- Property Management and Advisory services

MiTs Estates has proven expertise and a track record in delivering superior returns as in the case of MiTs Apartments in Mhiko, Kanye. Entities with multiplex operational facilities often suffer from an uncoordinated approach to their property portfolio, MiTs Estates therefore, adds value in providing tailor made corporate real estate services.

“The best time to buy a house  
is always five years ago”  
- Ray Brown

## Our Market

MiTs Estates is targeting property developers, investors, corporate property owners and occupiers, which include central and local government, parastatals and companies.

---

## Management Team

MiTs Estates management team comprises of experts in procurement, asset, facilities and property management, building services and property development field.
